FIFTY-FIFTH COMMENCEMENT OF GEORGE-TOWN COLLEGE. - A large number of our citizens attended the Commencement at Georgetown College yesterday, and returned at an early hour delighted with their visit. The essays and poems were well written and well delivered, and the programme was unusually short, a great desideratum in weather like this. The degree of LL. D. was conferred on Justice Miller of the Supreme Court, Senator Casserly of California, and two other distinguished gentlemen; that of A. M. on two gentlemen from Louisiana, two from the District of Columbia, one from Delaware, and one from Pennsylvania, former graduates, and that of A. B. on three students from Maryland, three from Massachusetts, two from Louisiana, two from Penusylvania, one from the District of Columbia and, one from Maine. The medal in the highest class of Mathematics was awarded to John Henry Walsh of Fairfax Co., Va., the young man who, as a student of St. John's Academy, obtained the naval cadetship from this district. in the competitive examination a year or two ago, and he also, obtained other distinctions. Henry L. Mathews of Texas, also a former student of St. John's obtained the prize for English Composition in his class. Eugene S. Ives and Frank S. Ives of Warrenton, and J. Harold Jenkins of Richmond, Virginia, also obtained medals, the first named winning two. There are but 13 students from Virginia on the rolls, and the whole number of students is 179; yet, out of 25 medals, they obtained 5; showing that they did better in proportion than others, their proportion to the whole number of students being but little over seven per cent, and that of the medals they won nearly 19 per ct. We have noticed this discrepancy in their favor on several previous occasions, and it speaks well for their talent and diligence.

THE GAS WORKS.-The report of the Gas Light Committee of the City Council, has been completed and will probably be presented tonight. The report exhibits a most satisfactory state of affairs, showing that after paying all the expenses of lighting the city, municipal offices, &c., the net revenue will exceed \$11,000, and this with a reduction for the past five months of \$1 in the price of gas. The works were never in a better condition, and great credit is due the present efficient and energetic Superintendent for the manner in which they have been managed. He has made many valueable improvements and alterations in the works by which a large amount has been saved the Corporation, and his zeal and labor deserve, as they will doubtless receive, the commendation of the community. The very efficient Clerk of the Gas Works has managed his department with ability and fidelity, and both Messrs. Roxbury and Bryan have received the hearty thanks of the committee for the manner in which they have conducted the works. Mr. Henry Hantzmon, the assistant at the works, which place he has occupied for many years, continues to discharge his duties with commendable z al, and his efficient services are fully appreciated.

MAYOR'S OFFICE. - Alderman Simpson acting Mayor.

Eizabeth Madison, for disorderly conduct, was discharged with a reprimand. Mayor Latham presiding.

John Deen, for disorderly conduct, was fined and discharged.

Hugh Strider, for di-orderly conduct, was fine I and discharged.

NIGHT REPORT. - Night clear and warm. with a breeze from the south. A colored ball mencement Exercises of St. Mary's Academy was in progress at the lower end of Fairfax are in progress at St. Mary's Hall as we go to street, and though disorderly, no arrests were press. made by the police, who were present, because there was no breach of the peace nor any actual disturbance. A party of seronaders were out largest steam vessel owners in the United States until a late hour. Two prisoners was at the station house.

FATAL ACCIDENT.-A young man named Charles Streeks, a tenant on the land of Mr. Berry, at Oxen Hill, opposite this city, was k cked in the abdomen and instantly killed, this morning, by a mule, which he was hitching to a plow. This makes the third son the mother of this young man has lost from unnatural causes during the last three years, one of the other two having died from the effects of a fall from a roof, and the other one having been struck by a man on the head with a boat hook and killed.

NEW SCHEDULE ON THE O., A. & M. R. R. -It will be seen that on and after Sunday next a new schedule will go into operation on the Orange, Alexandria and Manassas Railroad. As now there will be two daily through trains, the first leaving here at 8 in the morning, but the last at 7:45 at night instead of 11, as at present. Two daily connections will also be made with the Chesapeake and Ohio Railroad (except the mail line on Sundays) for the White Sulphur and other Virginia Springs.

A. & F. R. R.-Iu Baltimore yesterday the following gentlemen were elected officers of the Alexandria and Fredericksburg railroad, the connecting link between the Richmond and Fredericksburg Baltimore and Potomac railroads: I. N. Du Barry, vice-president and general manager; E. S. Young, general passenger agent; J. M. Drill, general freight agent; S, Little, auditor and secretary; J. S. Leib, treasurer.

THE GEORGEANNA'S EXCURSIONS.—The second weekly excursion of the steamer Georgeanna to Piney Point, will take place to-morrow. She will leave here at 5 p. m., and return at 7 a. m. Monday. The steamer is one of the most comfortable and convenient on the river, and those who went on the excursion last Saturday express themselves as highly pleased with the trip.

IMPROVED ORDER OF RED MEN. - An election for officers of Osceola Tribe, No. 1, Improved order of Red Men was held last night with the following result: George H. Hinken, Sachem; John H. Dix, Sr. Sagamore; John R. Grey, Jr. Sagamore; W. A. Sisson, Chief of Records; Hugh Latham, Keeper of Wampum.

CITY SCHOOL BOARD. - The monthly meeting of the City School Board for June, takes place at the Superintendent's office this evening at 8 o'clock.

BOATING.-We have had a good deal of amusement recently in the way of regattas, but while these may be interesting, don't let us forget our own local institutions. We observe that the fine yacht "Lady of the Lake," is now being repaired and refitted, under the supervision of her owner, and will soon, we hope, be seen dancing upon the blue waves of the Potomac, with her vetern commander at the helm. She is a lively craft, and sails well, especially on a smooth sea. Her captain is a silver-haired veteran, skilled in all the manouvres of a finished seaman, though he don't like soiled paint, and will keep his feet dry despite "the spray and the tempest's roar." He keeps on the weather side always, except when the wind blows hard. The boys who take delight in such exhibitions will be gratified to learn that they will soon see that renowned craft again floating upon her destined element. This vessel is sloop riggied. Some delay has occurred in completing the repairs on account of numercus rats in the vicinity, which annoy the workman, who has been advised to be on the alert, and now works with arms at his side.

A coal oil accident occurred at the house of Mr. David Williams on Payne street, near Prince, last night, but owing to the presence of mind of a young gentleman who was visiting there no damage resulted.

A horse and cart belonging to a colored man named Luckett, engaged in hauling rubbish from the burnt theatre, backed over a steep bank at the northern end of Royal street, this morning, but escaped injury.

An adjourned meeting of the Common Council will be held to-night for the purpose of acting upon the Salary and Revenue bills passed by the Board of Aldermen on the night that Board adjourned sine die.

Mrs. Dr. Walker, who passed through this city yesterday morning via the W. & O. R. R., returned last evening via the O. A. & M. R. R. She again walked from the depot to the steam boat wharf followed by a crowd of noisey

A gentleman named Ross, from Washington, who passed through this city on Wednesday evening last with his little daughter, on a short trip up the Washington and Ohio railroad, returned yesterday evening with his darling in a coffin. She had been taken suddenly sick and had died during the previous night.

Some of the merchants doing business near the ferry slip while away a portion of the now long evenings by pitching quoits in the shade of the buildings they occupy on the strand, and from the precision they have already acquired in pitching the rings, the practice they will have during the rest of the summer will make them preficients in the sport.

At a meeting of the Friendship Fire Company, held last night, B. F. Penn in the chair. and William Darley, secretary, it was resolved to hold a called meeting next Tuesday night for the purpose of making arrangements for at-tending the excursion of the Sun Fire Com-pany on the 4th of July.

is said to be Mr. Thomas Ctyde, of Philadelphia, who, with his sons, own absolutely some eight or ten steamship lines, besides holding large interests in other lines all over the country. The vessels are mostly owned by the father, was found among certain papers and its prothe sons acting as agents and managers. The firm in Philadelpnia is Wm. P. Clyde & Co., and in New York Wm. P. Clyde. The lines actually operated by the firm are as follows:

The Philadelphia, Providence and Boston line, consisting of the iron steamship Wilmington, Captain Brown, having a capacity of 1000 tons, and accommodations for forty-four firstclass passengers, and the iron steamship Mary, 1200 tons, Captain Livingston. This vessel is now refitting, and when completed will form one of a line, making two trips per week each way between Philadelphia and Providence, R. I., where they connect with railroads for Boston and all New England lines.

The Philadelphia and Charleston, S. C., line consisting of the iron steamer Gulf Stream, Captain Hunter, 1000 tons burthen, and with a capacity for thirty passengers, and the iron steamer Virginia, Captain Hinckley, 800 tons, and with capacity for the same number of passengers. These vessels compose a weekly line between this city and Charleston, S. C., and do a large freighting business in cotton.

The Philadelphia, Norfolk and Richmond line, consisting of the iron steamers John W. Everman, now overhauling, and the Alliance, Captain Platt, 500 tons burden, carrying 30 first-class passengers; and the wooden steamer J. S. Green, Capt. Carr. 500 tons, and carrying 25 passengers. This is a semi-weekly line, plying between Philadelphia, Norfolk, Portsmouth. City Point and Richmond.

The Philadelphia, Washington and Alexandria line consists of two large canal propellers, making semi-weekly trips to and from Washington, D. C.and Alexandria, via the Delaware and Chesapeake Canal, and the Philadelphia all property going out of the city. Many merand New York line of seven of the same class chants are closing up business for the purpose and New York line of seven of the same class of vessels, making daily trips, via Delaware of avoiding the new 10 per cent state tax and and Raritan Canal, to and from New York. The Anamessic line consists of the steamer

Cresfield, Md., where she connects with the terminus of the Delaware railroad, making weekly trips.

The steamer Empire is now preparing to run in connection with the Philadelphia and Southern Mail steamship line, making a week-ly line to Wilmington, N. C., connecting at that port with the railroads of the Southern Security Co., running all over the South.

The Clyde Tow-boat line is composed of four side wheel and seven propeller tow boats, and is mostly emp'oyed in towing canal barges with soft coal from Baltimore to Philadelphia and New York. Over 600,000 tons of coal were transported by this line last year. The vessels are among the most approved and substantial ships of their class in the coasting trade.-Phil.

Mr. F. A. Reed is the agent of the above line in this city.

GAS CONSUMERS will please take notice that Saturday and Monday are the two last days for the settlement of gas bills at \$3.00 per thou and cubic feet. On all bills paid after that time 10 per cent will de added.

TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

The Geneva Tribunal. GENEVA, June 27. - The meeting of the Tri bunal to day was the most important yet held in Geneva, and was signalized by the production in Court of the British argument. How much progress has been made in the solution of the many difficulties of this troublesome negotiation may be inferred from this small fact. It of course follows that England is now fully in Court, and it may be taken as an equally necessary consequence that the famous Indirect Claims, if not distinctly withdrawn, are so far neutralized by the agreement of either side that they are practically out of Court. The difficulty in regard to the Indirect Claims was overcome before the English agent consented to lodge his argument. The exact point of this solution is that each of the arbitrators shall give a written opinion on the Indirect Claims, which will thus be formally shut out. It has already been a matter of understanding that several members of the Court held views in consistent with the maintenance of the Indirect Claims; but it becomes certain that, with the written opinion of the five arbitrators on record, there would be on this point a formal and positive verdict against the U.S., ruling out by adjudication that part of the case to the very presentation of which England objected. No fair opposition could be made on the part of the U. S. to adjudication on this point previous to the presentation of the English argument, because it is the opinion of the Ameri can counsel that said argument is, after all, a part which she may present or not, as she chooses. In short she is and has been in Court all the time, and any judgment made now would be fully valid. This important point would have been settled to-day but for a technical point in regard to the lodging of the written opinions of the judges. For this purpose another delay of twenty-four hours was therefore agreed upon and the Court adjourned un-LATER.

GENEVA, June 27 .- The judgment of the Court on the Indirect Claims is not to be given to-morrow, but is given already, the Tribunal having disposed of the indirect claims dispute. Thus everything is most definitely and satisfactorily settled. The arbitration goes on and both sides are content with the issue.

LONDON June 28.-The statements of Granville and Gladstone in Parliament last night announcing the decision of the tribunal of arbitration on the indirect claims form the subjects of the leading editorial articles of all the Loudon morning journals.

The Times says the decision of the tribunal of arbitration is eminently satisfactory. All Englishmen and Americans ought to be grateful to the arbitrators who have proved themselves true benefactors of both England and America. The man who rescued America from discredit is Charles Francis Adams.

The News says the result of the indirect claims controversy is a great triumph for the firmness and patience of the British Ministry. Society has now an example for the employment of a peaceful tribunal not to complete but premises as clean as possible and to see that their neighbors do likewise.

Indicated a peacetal tributal not to complete out to supersede the work of the sword. The News also says Mr. Schenck deserves credit for his course during the negotiations between the two governments.

Other morning papers likewise rejoice over the manner in which the disputes between the two governments have been settled.

NEW YORK. June 28.-The withdrawal of Judge McCunn from his trial at Albany is a subject of interest among lawyers. McCunn has resumed his place on the bench of the Su-THE CLYDE IRON STEAM LINES. -One of the perior Court, and his counsel say that his case must be passed upon by the Court of Appeals if adversely decided at Albany. They claim that the extraordinary rulings of the Senate forced them to retire. A letter of one of Me-Cunn's Receivers very damaging to the defence, him to withdraw.

A ragged boy named John O'Keete, who sells papers before and after school hours, was vesterday adjudged the best out of nine who were examined for the Naval Cadetship in Congressman Robert's district.

It is stated that the McHenry party, after obtaining possession of Erie, will issue reorganization bonds, amounting to about \$10,000,000, and then consolidate the Atlantic and Great Western and the Erie, under one management. Mr. McHenry, the English banker, states that he has come here to advance the interests of the Atlantic and Great Western Railway by aiding in the formation of a new board of directors of the Eric Railroad, and if possible to place Erie under full control of the form company. General McClellan and S. M. B low were closeted with Mr. McHenry dur the day. It is generally believed that eit er General Sickles or General McClelian will be the next President of Erie. Gould is apparently not thought of.

Numbers of new men have taken the places of the striking stablemen at the horse car stables and police guard the stables to prevent the strikers assaulting them.

From Mexico.

MATAMORAS, June 27.-Letters from Camargo to the 25th inst., announce the capture of Saltillo by Trevino. General Quiroga is moving on Camargo. General Cevallos is prepar-ing to retire hither. The Revolutionist leader Portugal is still operating outside of Mattamoras capturing mails and levying 25 per cent. on tary, Justo Benitez, arrived at Brownsville to-Norfolk which runs from Norfolk, Va., to day to communicate with Trevino. He anticipated finding Matamoras besieged. He says Diaz is in Jalisco. Benitez is very reticent.

From Kentucky to Lake Erie and upper Lakes light to fresh southeasterly to southwesterly winds, clear and partly cloudy

weather, and occasional areas of rain.

SPECIAL NOTICES.

LOST HEALTH REGAINED .- Self-neglect lays the foundation of much bodily suffering .-As a rule men are more solicitous to repair and preserve their houses, stock in trade and other perishable property than to repair and prese ve themselves. They can see when a wall requires a prop. or a weak structure a girder, but appear to be unconscious of, or indifferent to, the cracks and flaws and evidences of decay in their own frail and sensitive organizations.

The fine, iron side-wheel steamer ALICE has been repainted and fixed up for EXCURSION PARTIES. Parties wishing to charter the boat will do well by applying to E. D. LAMBERT, 18 Union wharf, or to Captain JOS. D. DAWES, on board. je 3-3m The consequence of this want of common prudence is that thousands fall by the wayside in the prime of life every year, who might have lived to enjoy a hale and hearty old age, if they had resorted to the proper means of recruiting their failing vigor at the proper time.

Seeing what that famous vitalizing and invig-orating elexir, Hostetter's Stomach Bitters, has done for countless multitudes of the enervated and broken down, and with the long, unbroken record of its cures before him, it seems amazing that any sufferer from premature decay, nervous weakness, dyspepsia, biliousness, chronic constipation, or disease of a remittent or inter-mittent character, should delay, even for an hour, to seek the aid which its toning, regulating and invigorating properties have never failed to afford.

It is no exaggeration to say that Hostetter's Stomach Bitters is the most faithful ally of nature, in her strug les with weakness and disease, that medical botany and honest chemistry have yet given to the world.
